Partner Spotlight

A heartfelt thank you to our incredible friends at COhatch for making our mission possible. We are thankful to be the recipients of the GIVE Scholarship, which has granted us the privilege of hosting our team meetings at their facility.

Your generosity and support provide us with a space where we can come together, strategize, and work towards empowering young minds. With your help, we are one step closer to creating a brighter future for the young individuals we serve.

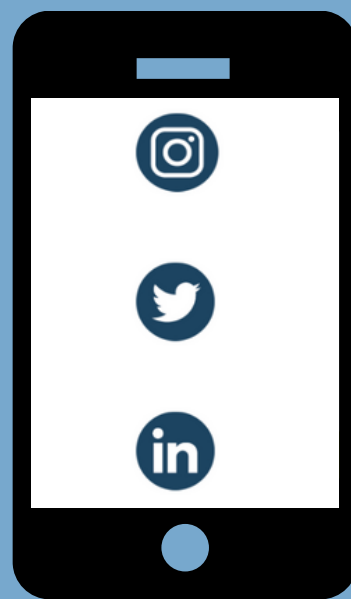

Your commitment to community and collaboration is truly inspiring, and we are honored to be a part of this partnership.

Wealth Achievers

Our Wealth Achievers Program will resume back at Aiken High School this coming Spring semester.
